Sailing is a fun and active sport where you will meet like-minded people from all walks of life. Whether you're a diehard racer or just like mucking about with boats, Whitefriars Sailing Club could be just the place for you!

Why Whitefriars? Whitefriars is run for its members by its members. We are a family orientated club that demands little more than your enthusiasm but offers a range of activities from regular weekend racing for the competitive, to simple cruising for those who prefer to sail at leisure. Its name originates from Whitefriars school in Cheltenham from where a dedicated team of staff and pupils established the club in 1969 but today we have over 300 members.

Facilities The club owns the lake and surrounds and is proud of its clubhouse, which was extended in 1999 with a lottery grant to include new changing rooms with showers & toilets; facilities for the disabled and extra kitchen amenities. The berth park can accommodate over 300 boats and is designed to allow for easy launching from jetties regardless of wind direction; we have ample parking and a camping field.

We race on Sundays throughout the year, Saturdays too are often busy with training, groups or extra race events and Wednesday evenings in summer are popular for a race with the chance to socialise afterwards at the pub. There is always plenty of room for leisurely cruising and members can use the lake at any time, but at their own risk, as there is unlikely to be safety cover.

Boats We are home to a variety of dinghies including the popular Laser and RS ranges but there are traditional classes such as Comet, Mirror, Wayfarer: any monohull is welcome up to 5.5m. Races

are run as handicaps so any class can compete on level terms. If you are considering buying a boat there is wealth of experience to draw on for advice within the membership.

Hire a boat The club has boats for hire on a day basis for members only. Comet Trio, Laser 2000 or standard Laser £15 per session or £25 per day. Bookings and payments should be made online on the website and the booking confirmed before use.

Social Scene We have get togethers throughout the year with a Regatta Weekend, a Prize-giving Dinner Dance before Xmas plus informal parties that follow on from Open Event competitions.

Training The club is a recognised RYA Training Centre with its own volunteer instructors for sailing and powerboat courses. RYA courses in 2014 include Sailing L1/L2, Powerboat L2, First Aid, Dinghy Instructor, Club race Coach and we plan specific class coaching from visiting RYA specialists.

Juniors The programme is busy again for the 7 - 17 age group with regular weekend RYA training sessions and fun sailing activities supervised by our qualified instructors. Bookings should be made in advance and there is a fee that covers tuition and lunch: details from the Junior Group Chairman.

Doing Your Duty Membership includes an obligation to do at least one duty day annually, as part of a team that oversees club events as either Assistant Officer of the Day or Assistant Safety Officer. Free training is available but if you are already experienced then you can take charge as either OOD or SO. Kitchen duty is also a valued role in weekend activities.

Membership Types of membership include: **Family** for 2 adults, with or without children; **Single** for individual adults; **Social** to enjoy the non-sailing facilities only; **Under 18/Student** (18-25)

How to Apply New applications are put before the monthly committee meeting. Application forms may be included with this pack or can be downloaded from the website.
