

Whitefriars Sailing Club

Proposed Kitchen Development 2012

Representative views of finished kitchen, self-serve area and race area

Please also read the Q&A document for more information

Images are representative only, as subject to the limitations of the CAD software

Note that wall tiling, mains sockets, hot water boiler and other kitchen items not shown. Cupboard finish is light oak. Wooden boat reliefs from existing kitchen reused.

Front View - note new stud wall at right hand end (as viewed) of kitchen. Window not changed from existing.

View of back wall layout (note freezer is located at 'cut through' on right as viewed, existing dishwasher reused)

View from within the kitchen.

Waste bins are located under the counter and are for kitchen use. Additional bins will be located under the race area shelf for general use.
(note freezer is located at 'cut through' on left as viewed, 2x fridges shown)

Layout viewed from above
Flooring is as currently in place, not tiled as shown. Staff area includes hand-wash sink.

Layout in-situ in the Wet room, also showing location of water boiler
