Hire Laser – What Is In The Bag?

The parts for the Hire Laser are stored in black Rooster Combi Bags (see Figure 1). The Combi Bags are stored in the sail store. Please ensure that you use the correct bag and kit for the Laser you are using. Do not remove or use items from the combi bag for the other Laser.

Figure 1: Hire Laser Combi Bag

The sails are also stored in the sail store. The 4.7 sails are in black Rooster sail bags. The Radial and Standard (“Full”) sails are stored in yellow Holt sail bags. Each sail bag is marked with the sail type (4.7, Radial, Full) and Laser number.

Laser “L13” – black hull – sail no. 139379

Laser “L12” – blue hull – sail no. 121640

The contents of each Combi Bag are as follows (see also figure 2):

1. *Daggerboard*
2. *Rudder*
3. *Tiller and Tiller Extension*
4. *Mainsheet*
5. *Kicker unit*
6. *blue Cunningham Primary Line and Becket Block*
7. *spare Kicker vang pin*

Please check that all the contents are in the bag. If not, then please check to see if the items have been left on the hull. If any parts are missing or have been left on the hull please let us know asap. Failure to do so could result in you being charged for missing items!
